ANTI-HARASSMENT AND NON-DISCRIMINATION POLICY

I. Policy Statement

This document defines Clemson University's policy regarding harassment/discrimination. Clemson University is committed to an educational and work environment in which all individuals are treated with respect and dignity, free from harassment and/or discrimination. Accordingly, it is the policy of Clemson University that harassment/discrimination as defined in this policy, by employees, students or non-employees will not be tolerated. It is also the policy of Clemson University that retaliation against any person who has filed a complaint of harassment/discrimination or who has assisted or participated in any manner in the investigation and resolution of a complaint of harassment/discrimination is prohibited and subject to disciplinary action.

Clemson University will respond promptly to all complaints of harassment, discrimination, and retaliation. Immediate and appropriate corrective action will be taken when it is determined that harassment has occurred. The available complaint resolution processes are described below and differ depending on whether the person allegedly violating the policy is a student or non-student.

Violation of this policy can result in any disciplinary action that the University deems appropriate up to and including termination from employment (employees), dismissal from the University (students) or disassociation/removal from campus (visitors and other non-students). More information about possible sanctions can be found in section V of this policy.

The policy is intended to meet Clemson University’s responsibilities under Titles VI and VII of the Civil Rights Act 1964, the Pregnancy Discrimination Act of 1978, Title IX of the Education Amendments of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, the Age Discrimination in Employments Act of 1967, the Age Discrimination Act of 1975, the Vietnam Veterans Readjustment Assistance Act of 1974, the Genetic Information Nondiscrimination Act of 2008, the Violence Against Women Act, and applicable provisions of the South Carolina Human Affairs Law.
II. Definitions

A. Discrimination

Discrimination is the denial or exclusion of an individual or group of individuals from participation in or receiving the benefits of any program or activity of the University. Discrimination based on race, color, religion, sex, sexual orientation, gender, pregnancy, national origin, age, disability, veteran’s status, genetic information or protected activity (e.g. opposition to prohibited discrimination or participation in the statutory complaint process, etc.) is prohibited. Examples may include exclusion from employment, benefits, or access to academic programs and opportunities.

B. Harassment

In general, harassment is unwelcome verbal or physical conduct, based upon race, color, religion, sex, sexual orientation, gender, pregnancy, national origin, age, disability, status as a military veteran, genetic information or protected activity (e.g., opposition to prohibited discrimination or participation in the statutory complaint process), that unreasonably interferes with the person's work or educational performance or creates an intimidating or hostile work or educational environment. Examples may include, but are not limited to, epithets, slurs, jokes or other verbal, graphic or physical conduct.

C. Sexual Harassment

Sexual harassment is unwelcome conduct of a sexual nature. It includes unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature including sexual violence. Sexual violence is defined as sexual acts perpetrated against a person’s will or where a person is incapable of giving consent (see definition of consent below). A number of different acts fall into the category of sexual violence and are defined as follows:

1. Sexual Assault and/or Battery: Any attempted or actual act of nonconsensual sexual intercourse, cunnilingus, fellatio, anal intercourse, or any intrusion, however slight, of any part of a person’s body or of any other object into the oral, genital or anal openings of another person’s body. This includes forcible or non-forcible sex offenses under the uniform crime reporting system of the Federal Bureau of Investigation:
   - Rape – The carnal knowledge of a person without the consent of the victim including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacitation;
   - Fondling – The touching of the private body parts of another person for the purpose of sexual gratification without the consent of the victim including instances where the victim is incapable of
giving consent because of his/her age or because of his/her
temporary or permanent mental or physical incapacitation;
• Non-forcible sexual intercourse between persons who are related to
each other within the degrees wherein marriage is prohibited by
law;
• Non-forcible sexual intercourse with a person who is under the
statutory age of consent (In South Carolina the legal age of
statutory consent is 16. However, individuals as young as 14 years
old are able to consent to have sex with a partner who is 18 years
old or younger.).

2. Sexual Coercion: The act of using pressure through threats, alcohol or
drugs, or force to have sexual contact with someone against his or her will.
Persistent attempts to have sexual contact with someone who has already
refused is a type of sexual coercion.

3. Sexual Misconduct: Any other nonconsensual conduct of a sexual nature
including but not limited to touching, fondling, kissing, groping, indecent
exposure, sex-based cyber-harassment, peeping or other voyeurism,
forcing others to view sexual activity, and/or the non-consensual
photography, video or audio taping of sexual activity.

4. Dating/Relationship Violence: Dating/Relationship Violence is violence
committed by a person who is or has been in a social relationship of a
romantic or intimate nature with the victim where the existence of such
relationship shall be based on a) the length of the relationship, b) the type
of the relationship, and c) the frequency of interaction between the persons
involved in the relationship. This includes sexual or physical abuse or the
threat of such abuse.

5. Domestic Violence: A felony or misdemeanor crime of violence
committed by:
   1. A current or former spouse or intimate partner of the victim;
   2. A person with whom the victim shares a child in common;
   3. A person who is cohabitating with or has cohabitated with the
       victim as a spouse or intimate partner.
   4. A person similarly situated to a spouse of the victim under the
domestic or family violence laws of the jurisdiction in which the
crime of violence occurred; or
   5. Any other person against an adult or youth victim who is protected
from that person’s acts under the domestic or family violence laws
of the jurisdiction in which the crime of violence occurred.
6. **Stalking**: Stalking is defined as a course of conduct\(^1\) directed at a specific person that would cause a reasonable person\(^2\) to -
   i. fear for the person’s safety or the safety of others; or
   ii. suffer substantial emotional distress\(^3,4\).

**D. Consent**

Every member of the University community should be aware that all sexual contact or behavior on the campus and/or occurring with a member of the University community must be consensual. Consent requires speech or conduct indicating a freely given, un-coerced agreement to engage in sexual contact. Consent may not be inferred from silence or passivity alone and a current or previous relationship is not sufficient to constitute consent. Consent may be withdrawn at any time prior to or during a specific sexual act by either person.

To be valid, the person giving consent must be physically and mentally able to:
1. understand the circumstances and implication of the sexual act;
2. make a reasoned decision concerning the sexual act; and
3. communicate that decision in an unambiguous manner.

In the absence of mutually understandable words or actions, it is the responsibility of the initiator, or the person who wants to engage in the specific sexual activity, to make sure that he/she has the consent from his/her partner(s) prior to initiating sexual activity.

- Effective Consent is active, not passive.
- Effective Consent to one form of sexual activity is not Effective Consent to other forms of sexual activity.
- The person who is the object of sexual advances is not required to physically or otherwise resist.
- Silence, previous sexual relationships or experiences, and/or a current relationship may not, in themselves, be taken to imply consent.

**Inability to Consent** - There are a number of factors which may limit or negate a person’s ability to consent to a sexual act. These include but are not limited to age, impairment due to the influence of alcohol or drugs (illegal or prescription), an intellectual or other disability, a person’s temporary or permanent mental or physical impairment, unconsciousness, fear and/or coercion. In order to find no consent under one of these circumstances, there must be a finding that the

\(^{1}\) Course of Conduct means two or more acts, including but not limited to, acts in which a stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person’s property.

\(^{2}\) Reasonable Person means a reasonable person under similar circumstances and with similar identities to the complainant.

\(^{3}\) Substantial Emotional Distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

\(^{4}\) Stalking is not always directed at someone due to his/her gender/sex. Even if it is not related to sex or gender, it is prohibited and will be addressed through this policy and the appropriate procedures for handling complaints.
complainant was unable to consent and a finding that the respondent knew or had reason to know the complainant was unable to consent.

Intoxication of the respondent is not an excuse for failure to obtain consent or failure to know of the complainant’s inability to consent.

E. Protective Measures

The following Protective Measures may be implemented by the University in Responding to Harassment/Discrimination Complaints:

1. **No-Contact Orders**: A no-contact order may be issued to the complainant, the respondent, witnesses or other individuals as appropriate under the circumstances.

2. **Interim Measures**: At any point during the process, interim actions may be taken to protect parties or witnesses to the investigation including but not limited to separating the parties, reassignment, alternative work or student housing arrangements, providing an escort to ensure that the complainant can move safely between classes and activities, or other types of temporary measures. Interim measures may become permanent depending on the outcome of the investigation.

F. Responsible Employee

A Responsible Employee is an employee who has the authority to take action to address sexual violence on campus under Title IX and who has been given the duty of reporting incidents of sexual violence or any other sexual misconduct to the Title IX Coordinator or Deputy Title IX Coordinator. **At Clemson University, Responsible Employees under Title IX are defined as: Clemson University faculty, staff who work directly with students, Student Affairs staff, advisors to recognized student organizations, community and graduate community directors, resident assistants, athletic coaches, managers, supervisors and administrators.** Exceptions to the definition of Responsible Employees are:

1. Confidential Resources (see paragraph IV of this policy)
2. Aspire Program Facilitators or other facilitators of sexual violence awareness or prevention programs such as Take Back the Night or others that may be developed.

G. Retaliation

Retaliation is conduct causing any interference, coercion, restraint or reprisal against a person initiating a complaint of harassment/discrimination or against a person assisting in any way in the investigation and resolution of the complaint. Retaliation is a violation of this policy and will not be tolerated. Appropriate sanctions/disciplinary actions shall be taken against any person found to have participated in any acts of retaliation.
G. **Title IX Coordinator**

Title IX of the Education Amendments of 1972 is a federal law that states “No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of or be subject to discrimination under any education program or activity receiving Federal financial assistance.” The Title IX Coordinator is the person(s) designated by Clemson University to oversee its Title IX compliance efforts, carry out the University’s responsibilities under Title IX, and investigate any complaints alleging actions prohibited by Title IX. Gender based discrimination is prohibited under Title IX and includes sexual harassment as defined above.

- The Director of the Office of Access & Equity is the University Title IX Coordinator - (864) 656-3181

- The Director of the Office of Community and Ethical Standards is the Deputy Title IX Coordinator - (864) 656-0510

**III. Reporting Harassment/Discrimination**

Clemson University will respond to and investigate all claims of harassment/discrimination and will take steps to ensure that no retaliation will be taken against any person making a complaint or participating in the investigation process, and that any person against whom an allegation is made is treated fairly. Reports of harassment/discrimination should be made as soon as possible to enable the University to more effectively investigate the allegations.

There are three options for reporting Harassment/Discrimination as described below. A criminal complaint and an on-campus complaint through the Office of Access & Equity or the Office of Community and Ethical Standards can be made simultaneously:

A. **Criminal Reporting** – If the alleged harassment/discrimination is a crime, a report should be made to the Clemson University Police Department or other appropriate law enforcement agency if the incident occurred off campus. Sexual assault, sexual battery, and other forms of sexual violence/misconduct are criminal acts and Clemson University encourages victims to meet with police officers as soon as possible in order to receive prompt medical attention and allow officers to gather information in a timely manner. The sooner law enforcement becomes involved, the greater the likelihood of identifying, arresting, and convicting the perpetrator. If a report is made to the Clemson University Police Department (CUPD), the department will provide an advocate to ensure that medical treatment and counseling services are offered, regardless of the person’s decision to pursue the matter criminally.
To make a report on campus, concerned persons should call 911 or (864) 656-2222 immediately to reach the Clemson University Police Department (CUPD). Away from campus, concerned persons should call 911.

**In addition to the criminal process or for harassment/discrimination complaints that are not violations of criminal law, the following on campus reporting options are available:**

**B. Alleged Perpetrator is a Student** – If the alleged perpetrator is a Clemson University student, a complaint may be filed with the Office of Community and Ethical Standards (OCES) which is responsible for resolving student conduct issues. The Student Code of Conduct extends to incidents that occur on University property, at University-sponsored activities; and off-campus.

If after submitting a complaint to OCES the complainant decides not to go through the student complaint process, the matter will be referred to the Title IX Coordinator in the Office of Access and Equity for further review.

Contact information for OCES is 912 University Union, telephone: 656-0510. Student complaint procedures can be found in the Student Code of Conduct at: [http://www.clemson.edu/administration/student-affairs/student-handbook/code-of-conduct/student-conduct.html](http://www.clemson.edu/administration/student-affairs/student-handbook/code-of-conduct/student-conduct.html).

**C. Alleged Perpetrator is an Employee (faculty or staff) or other Non-Student** - If the alleged perpetrator is a Clemson University employee (faculty or staff), visitor to campus or other non-student, a complaint of harassment/discrimination may be filed with the Office of Access and Equity (A&E).

**A&E is the office of the university’s Title IX Coordinator.**

Contact information for A & E is 110 Holtzendorff Hall, telephone: 656-3181 (voice) or 656-0899 (TDD).

A & E complaint procedures can be found at: [http://www.clemson.edu/campus-life/campus-services/access/procedure.html](http://www.clemson.edu/campus-life/campus-services/access/procedure.html).

**IV. Confidentiality**

The University recognizes that a complainant may desire confidentiality and may request that the University not investigate or pursue resolution of an allegation of harassment/discrimination. In such cases, the University will maintain confidentiality to the extent permitted by law and other safety and welfare considerations. However, the University may determine that it must investigate and pursue resolution of a report, and take whatever measures it deems necessary in response to an allegation of harassment/discrimination in order to protect the rights, interests and personal safety of the Clemson community. As such, the University may have to disclose the harassment allegation and the identity of the complainant to the accused, other University officials,
and others (to implement interim measures) as appropriate. Nevertheless, we will only share information on a limited basis and will keep information confidential to the extent permitted by law.

Confidentiality and Allegations of Sexual Violence
If a complainant alleging sexual violence requests that his/her name not be revealed to the alleged perpetrator or asks that the school not investigate or seek action against the alleged perpetrator, the complainant must understand that honoring this request may severely limit the ability to fully respond to the complaint, including pursuing disciplinary action against the alleged perpetrator. All such requests will be referred to and reviewed by the Title IX Coordinator (alleged perpetrator is non-student) or the Deputy Title IX Coordinator (alleged perpetrator is a student). A range of factors will be considered in evaluating these requests including but not limited to:

- Whether there have been other sexual violence complaints about the Respondent;
- Whether the Respondent threatened further violence against the Complainant or others;
- Whether the alleged sexual violence was perpetrated with a weapon;
- Whether the school possesses other means to obtain relevant evidence (e.g. security cameras, witnesses, physical evidence etc.)

If a complainant wishes to speak to a confidential resource, the following resources are available:

A. **Crisis Counseling for Students:** Student victims of sexual violence can seek confidential crisis counseling services through Counseling and Psychological Services (CAPS). During normal business hours, CAPS can be contacted by calling 864-656-2451. After hours and on weekends, CAPS can be contacted by calling 864-656-2222 asking for the CAPS on-call counselor.

B. **Employee Assistance Program:** The Office of Human Resources offers confidential, professional referral assistance to faculty and staff by contacting the Employee Assistance Program at 864-656-3360 or 864-656-2726.

C. All victims of sexual violence may seek crisis counseling services through the Pickens Rape Crisis Council at 864-442-5500.

The University provides many other, non-confidential resources to students who have been victims of harassment/discrimination and sexual violence. Although the University encourages all students to seek help by means of speaking to someone, it is important to keep in mind that the University is required by law to review and attempt to resolve any allegation of sexual violence that is reported to any University official with the exception of those receiving parties that are confidential resources.

The University also has a duty to report sexual misconduct to the Clemson University Police Department for federal statistical reporting purposes (as dictated by the Clery Act). All personally identifiable information is kept confidential, but statistical information must be reported regarding the type of incident and its general location (on or off-campus, in the surrounding area, but no addresses are given) for publication in the annual Security and Fire Safety Report. This report helps to provide the community with a clear picture of the extent and nature of campus crime, to ensure greater community safety.
V. Sanctions

Persons found to be in violation of this policy will be subject to immediate and appropriate disciplinary action, proportional to the seriousness of the offense. In cases involving violations by students, sanctions will be determined in accordance with the Student Code of Conduct. Possible sanctions include but are not limited to reprimand, disciplinary probation, suspension, or dismissal. In cases involving violations by non-students, sanctions may include but are not limited to: oral or written reprimand, reassignment, demotion, suspension or termination of employment, and/or removal from campus.
